

## **Dr. LeRoy Bartel: Reflections on Genesis 1 & 2**

The world – the universe – as we know it is not infinitely old.

Out of nothing ... everything!

Out of eternity ... time!

Out of chaos ... order!

Out of darkness ... light!

Out of the invisible ... the visible!

Out of void ... matter!

Out of God, Himself ... life!

Out of dust ... humanity!

Out of solitude ... relationship!

How did God do it? Through His powerful, creative, authoritative word!

In the beginning ... God!
