

Church Announcement

Make your church aware of Bible Engagement Project, Listen curriculum, and the Bible Engagement Project app. Make the announcement during your regularly scheduled service time, on social media, and or in church emails with one of the promo videos or the graphics package included in the Launch Resources. We have provided a few announcement script options that can be used alone or in addition to one of the promo videos. Feel free to adapt these scripts based on your church context.

Prelaunch Sunday (One week before the official launch)

I'm excited to share that our church now has access to Bible Engagement Project. Bible Engagement Project offers digital Bible study resources for the whole church. This will help our church more deeply engage with scripture and can be accessed whenever and wherever you want on your personal device with the Bible Engagement Project app.

One of the resources offered through Bible Engagement Project is the Listen curriculum, an age-aligned resource that walks through the Bible from Genesis to Revelation. This resource will help each of us grow in the understanding of Scripture, and it will help facilitate discipleship at home.

Next week we will be implementing this curriculum in our small groups, youth group, and children's ministry. You'll learn more about Bible Engagement Project and Listen curriculum throughout the week. Make sure you're here next Sunday to learn more about this exciting resource and to get involved.

If you are not currently in a small group and would like to join one, now is the time. To join a group _____. Let's go on this journey of engaging with the Bible together.

Launch Sunday

If you were not here last week, then you missed an exciting announcement. As a church we now have access to Bible Engagement Project which will help our church more deeply engage with Scripture. The curriculum can be accessed whenever and wherever you want on your personal device with the Bible Engagement Project app.

One of the resources offered through Bible Engagement Project is the Listen curriculum, an age-aligned resource that walks through the Bible from Genesis to Revelation. This resource will help each of us grow in the understanding of Scripture, and it will help facilitate discipleship at home.

We are starting this curriculum this week in our small groups, youth group, and children's ministry. If you are in a small group, you should be receiving an invite from your small group leader sometime this week or during your regular meeting time. If you are not currently in a small group, now is a great time to join. You can do so by _____.

We know that as our church engages with the Bible, together, we will become more like Jesus and see lives radically changed.
