## **Printing Bible Engagement Project Sessions**

- Download the Logos Bible Software app on your computer (*You cannot print from the online version of Logos*). Here is the link to download: <u>https://www.logos.com/get-started</u>
- Log in to Logos with the email and password associated with your Bible Engagement Project account. If you do not currently have a Logos account, you can create an account for free here: <u>https://www.logos.com/register?returnUrl=/</u>. Just make sure when you set up your account you use the email and password that are associated with your Bible Engagement Project account.
- 3. Click on the Library icon at the top right of your screen, and type "Bible Engagement Project" in the search bar.

- 4. Click on the age level you need from the list.
- 5. When open, use the "Table of Contents" on the left side of the resource to navigate to the specific sessions you need to print.

6. Click on the 3 dots in the upper right side of the resource to open the menu. There you will find the "Print/Export" option. Click "Print/Export." From there, you can print, or you can export as a pdf or a Word document.
